 "Air Media" mode will prompt this screen. Login with the following URL and Code using web browser to "sync" projector with podium computer

• Download AirMedia Utility Software (1) and open (2)

• This is the AirMedia Control Panel, which with these settings, should display the Cader podium to the projector

- To feed audio from zoom users to the room, ensure the following:
 - 1) AirMedia software unmuted, 2) podium computer audio unmuted

• Ensure Zoom meeting has been started. Should be M&M specific meeting scheduled already (1), if not, manually join meeting with info sent in weekly calendar invite (2)

• Share powerpoint podium desktop screen with Zoom meeting (1), ensure mic is unmuted (2)
